Drinks kindly supplied by Cott Beverages (Kegworth).

The Walk is to raise funds for the Mgutwa Secondary/High School in the Maasai Steppe, Tanzania . The Trust is working to bring clean water, education and healthcare to the less fortunate in a much challenged area of Tanzania. There has been a drought in this region for the last 12 years leading to food shortages and little or no food or income.

Construction of the following school buildings is ongoing: A dormitory for male students, windows and doors for the kitchen and food store, multipurpose hall (for assemblies ,sport activities, gatherings of local tribes, worship, education for indigent adults and children), blocks of latrines, staff houses, library, health /diagnostic centre.

Mgutwa Sponsorship: by regular giving; this will enable the trust to support the financial outgoing of staff wages, food, stationary, books, fees of the orphan students, uniforms, mosquito nets, medical needs, and bedding for the dormitories.
